Business Arising:	Points to be published as unofficial once finalised						
	Rod asked if minutes can be published on the website, names can be left out. May help promote what SAORRA does.						
	Website to contain meeting dates so visitors can attend						
Club Reports							
ABC	Event was held early september Found a format that works well Was extremely dusty on saturday so split the field into 2 groups on Sunday to help Track work to be done after event AGM to be held in November						
GRKCC	Event to be held on long weekend in October Good amount of entries, most the club have had in a few years Large amount of entries for Ladies and Juniors event, may have found the key to getting good numbers Track to be ran backwards for something different						
ORCC	Nothing to report AGM will be held in December						
SRTCC	Working bee to be held to move some rocks and do work on the track						
SGORA	Successful event held, good number of entries and no major issues						
WRORA	No Rep						
MSBC	No rep						
General Business	What we can put on the website: -Meeting Dates -Minutes (Edited without names) -Results after each event to be sent to Sam -Presentation Night information						

	-Information on photographers with links to facebook pages or websites		
	Presentation Night Information -Bookings will be required due to Covid requirements. Limit of 120 people -Meals available from 6pm. Will be normal menu -6th November -Lyndon Wilson will MC		
	Dates required for 2022 events		
	Points System -Points have been allocated to people not members of a SAORRA club. -Points incorrectly split between multiple entrants -Question asked on what happens when entrants enter in multiple cars, what points do they get for outright? Should it be the highest scoring car? -Clubs are responsible for getting information about competitors and passing this information onto the points scorer. Information required is who is a member of a SAORRA club and who isn't. Also results should be sent in especially if there is no live timing. This has always been the responsibility of clubs so why aren't we doing it anymore. -Points will be redone to take out ineligible competitors -Will look into inviting Trophy Karts Australia to be a member of SAORRA -Point Scorer should not have to work out who is a member of SAORRA clubs and who isn't. That responsibility lies with the club. This information is easy to get hold of from Murray and Julie if online entries are done otherwise event Secretaries will have it.		
	-Points allocation for outright drivers to be assessed. Currently class points play a large part of Outright trophy. We want to make it possible for slower cars to win Driver of the year but also need to reward faster cars. E.g slower class 7 or 8 cars will get 20 class points as the class numbers are lower than class 1 which could have 8-10 entries per race. -Potential solution would be to increase outright points to 50 for 1st, 45 for 2nd, 40 for 3rd and then work down from there. 1st -50 2nd -45 3rd -40 4th -39 5th -38 Clubs to discuss and options put forward at next SAORRA meeting.		
Next Meeting	November 25th	Meeting Closed	8.40 pm
